

MASTER YOUR DIGITAL SKILLS

Introduction into Machine Learning

Artificial Intelligence (AI)

StackFuel GmbH

Co-funded by
the European Union

TRAINING OVERVIEW

1. Introduction to Artificial Intelligence and Machine Learning
2. Understanding supervised and unsupervised Learning
3. Insights into the interaction of different Machine Learning technologies

TARGET AUDIENCE

This beginner's course is suitable for anyone who wants to familiarise themselves with machine learning and artificial intelligence.

COURSE DESCRIPTION

In this training you will get an introduction into the world of AI and will gain important insights into supervised and unsupervised learnings.

Main Topics:

- Understanding the basics of machine learning and AI
- Understanding supervised and unsupervised learning
- Making sense of data with these two fundamental machine learning approaches

COURSE INFO

Location	Online
Available until	31.01.2024
Duration	30 Minutes
Cost	Free
