

MASTER YOUR DIGITAL SKILLS

Digital Marketing Tools - Canva

ICT Skills

Robocoast

Co-funded by
the European Union

COURSE OVERVIEW

Training on using Canva provides a combination of theory and practical exercises. Expert trainer Anna Saari introduces the participants to Canva's terminology in a theory lecture, after which the participants can apply what they have learned in practical exercises on their own computers. The training offers a versatile learning experience that strengthens competence in marketing.

OUR GOALS

1. The goal of the training is to provide participants with a thorough understanding of how to use Canva through both theory and practical exercises.
2. Participants should have an in-depth understanding of Canva's concepts and policies.
3. The goal of the training is to ensure that participants learn how to effectively apply Canva's tools and features in their own marketing.

COURSE DESCRIPTION

The course provides a comprehensive introduction to Canva, focusing on both theory and practical exercises. The goal of the course is to equip participants to utilize Canva effectively in their own marketing.

- **Developing visual identity in Canva**
- **Brand targeting: Understanding your target audience and brand**
- **Graphic design and style creation in Canva**
- **Effective Marketing Materials: Planning and Executing Advertising Campaigns in Canva**
