

# MASTER YOUR DIGITAL SKILLS

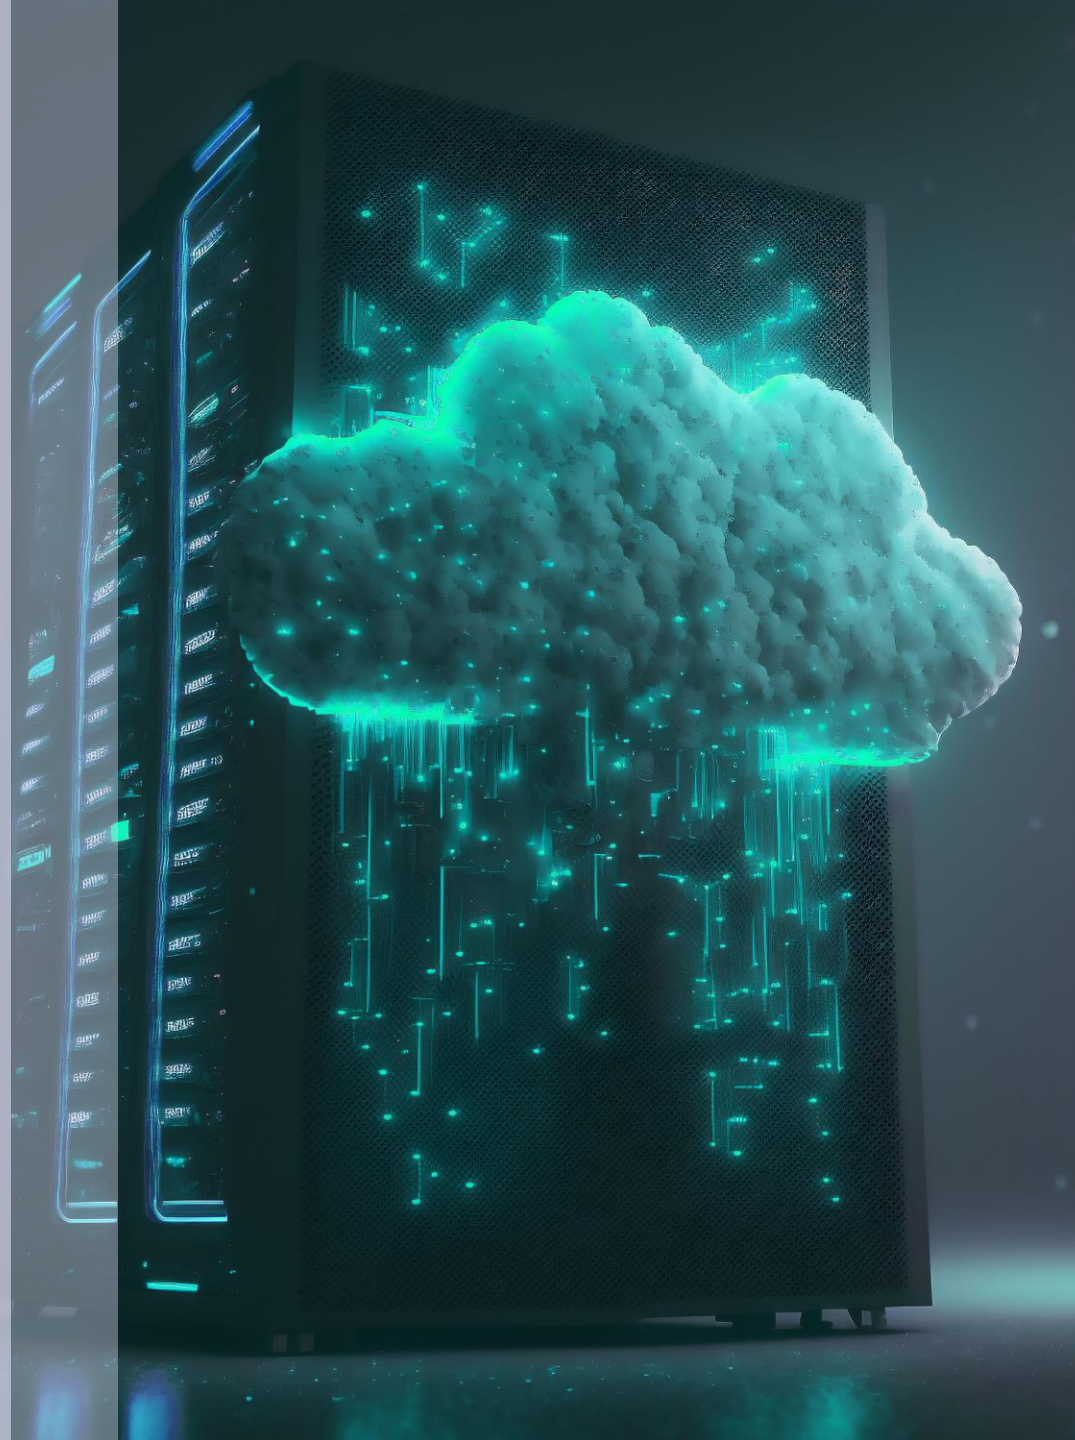

*Hands-On Cybersecurity  
for SME's - How to  
Achieve More with Less*

Cybersecurity

Robocoast

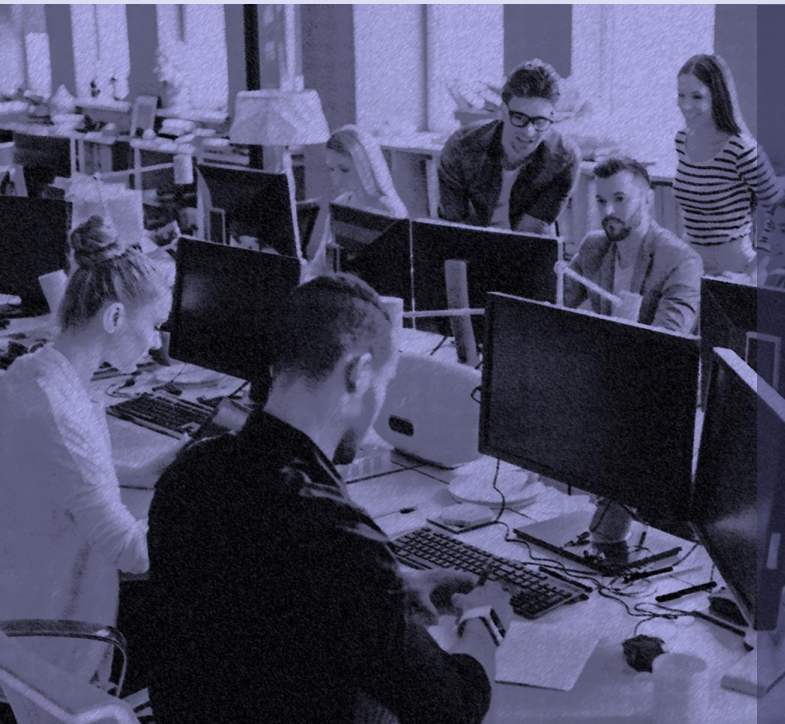

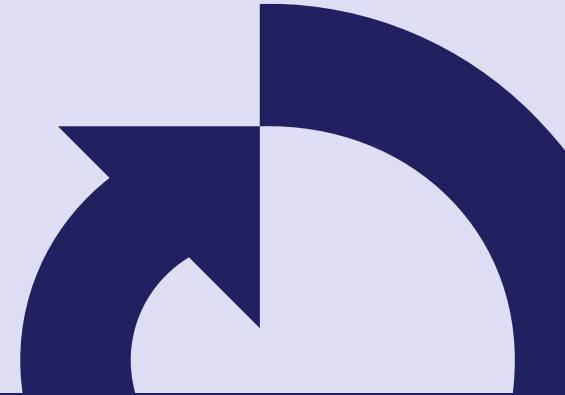

Co-funded by  
the European Union

# COURSE OVERVIEW

- This course provides a comprehensive, hands-on approach to cybersecurity, specifically designed for SMEs. Across three focused sessions, participants will gain essential skills and practical tools to effectively safeguard their business against cyber threats, all without requiring heavy investments. Each session builds foundational knowledge and offers actionable steps to enhance your digital security immediately.

## TARGET AUDIENCE

This course is tailored for small to medium-sized enterprises (SMEs) aiming to improve or establish their cybersecurity practices. Whether you're just starting out or looking to enhance existing measures, this training offers valuable insights. It's also suitable for more experienced cybersecurity professionals seeking practical tips and advanced assessments specific to the SME environment.

# COURSE DESCRIPTION

A three-part training series offering practical cybersecurity skills for SMEs, covering essential concepts, risk assessment, and building secure systems. Includes demos and Q&A to ensure actionable outcomes.

- Gain an up-to-date overview of the current state of cyberattacks and the challenges of the near future.
- Deepen your understanding of key considerations for enhancing SME cybersecurity preparedness from a practical perspective.
- Receive clear, practical instructions on what to do after a successful cyberattack.
- Learn from professional examples of small but impactful actions to improve cybersecurity.
- Obtain concrete, easy-to-implement tools to strengthen your company's cybersecurity immediately after the training.

# COURSE INFO

<b>Location</b>	<b>Online Teams</b>
<b>Date</b>	<b>13.11.2024 , 20.11.2024, 27.11.2024</b>
<b>Time</b>	<b>08:00-10:00 UTC +2</b>
<b>Duration</b>	<b>6 hour</b>
<b>Cost</b>	<b>Participation is fully funded by the European Union, within the framework of the Level Up project.</b>

## Toni Sulankivi

---

*Toni Sulankivi is the Head of Cyber Security at tiko Energy Solutions AG, and owner of Avaintulos Oy. He has extensive experience in mission critical infrastructures both in private and governmental sectors, including e.g. nuclear, defense, transportation, telco and cloud service provider environments. He excels in managing the big picture of cyber security designs and strategy, and thrives to build more secure and sustainable future for everyone.*
