

# MASTER YOUR DIGITAL SKILLS

## No-Code Automation with Make

Cloud & Software / Programming

*Workearly*

Co-funded by  
the European Union

# COURSE OVERVIEW

Learn to create automated workflows and connect various applications to streamline repetitive tasks and improve operational efficiency.

## OUR GOALS

1. **Understand No-Code Automation** – Learn core concepts and benefits.
2. **Build Workflows** – Automate repetitive business tasks.
3. **Connect Apps** – Integrate tools for seamless data flow.
4. **Boost Efficiency** – Save time and reduce manual work.

# COURSE DESCRIPTION

Learn to automate workflows and connect apps using Make — no coding required. Discover how to streamline operations, eliminate repetitive tasks, and improve productivity through smart automation.

- **Intro to Make – Platform overview and setup.**
- **Automation Basics – Triggers, actions, and scenarios.**
- **App Integrations – Connecting tools and data sources.**
- **Workflow Design – Building and testing automations.**
- **Error Handling – Monitoring and troubleshooting flows.**
- **Optimization Tips – Improving speed and reliability.**
- **Practical Use Cases – Real examples for business processes.**
