

MASTER YOUR DIGITAL SKILLS

Power BI Essentials: Unlock the Pipeline

Data Analytics, data literacy & data driven decisions

Workearly

Co-funded by
the European Union

COURSE OVERVIEW

Discover how to transform raw data into meaningful insights using Microsoft Power BI. This course guides you through connecting data sources, preparing data pipelines, and creating impactful visual dashboards that drive smarter business decisions.

OUR GOALS

1. Understand the core concepts and capabilities of Power BI.
2. Learn how to connect, clean, and prepare data for analysis.
3. Build dynamic and interactive dashboards using visual elements.
4. Apply best practices for storytelling through data visualization.
5. Gain confidence in using Power BI for real-world business intelligence tasks.

COURSE DESCRIPTION

Power BI Essentials: Unlock the Pipeline is designed to help you master the end-to-end process of data analytics — from importing and transforming data to building stunning dashboards. You'll learn how to connect multiple data sources, design effective visualizations, and uncover patterns that lead to data-driven decisions. Whether you're an analyst, manager, or aspiring data professional, this course will help you unlock the full power of Power BI.

- **Introduction to Power BI interface and workflow**
- **Data connection and transformation (Power Query)**
- **Data modeling fundamentals**
- **Creating and customizing visualizations**
- **Building interactive dashboards**
- **Publishing and sharing reports**
